

AZ Industries

Samples of our product range

We are producing

- SS Tubes in AISI 316L and AISI 304
- SS Flexible Hoses in AISI 316 L
- SS Tubes and Hoses metal bladed with AISI 304 or plastic coated.

Our tubes & hoses with standard fittings according to your requirements are delivered for direct installation.

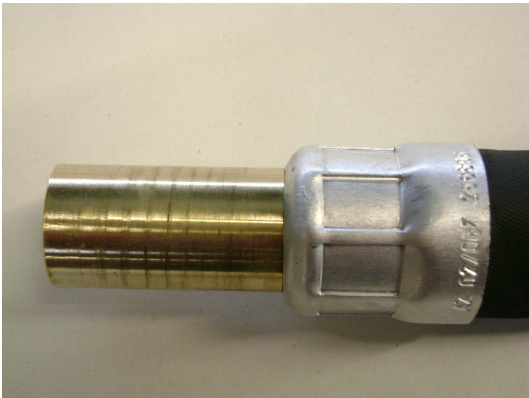

They are made for gases and water even for higher pressure and temperatures (with DVGW certificates).

The fittings can be welded or soldered

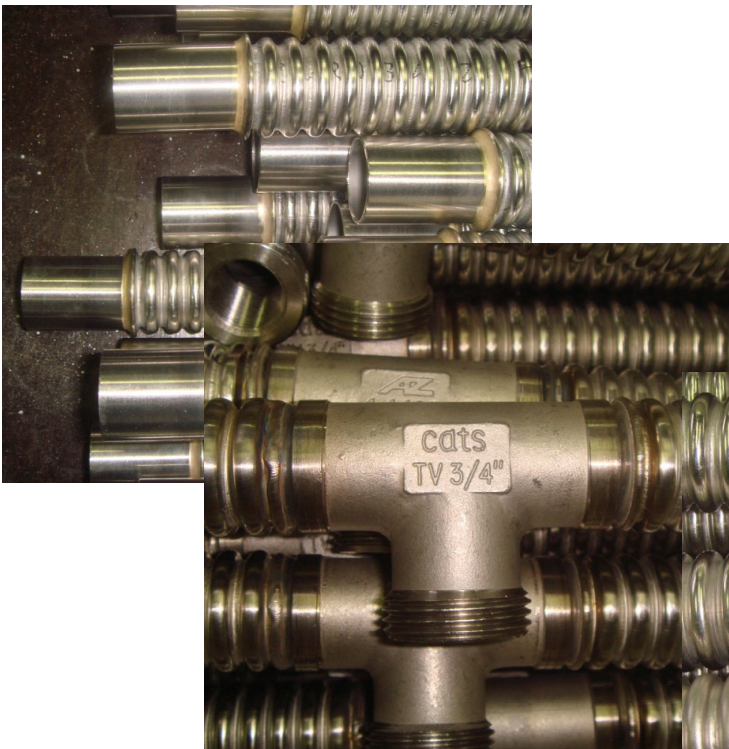

AZ Industries

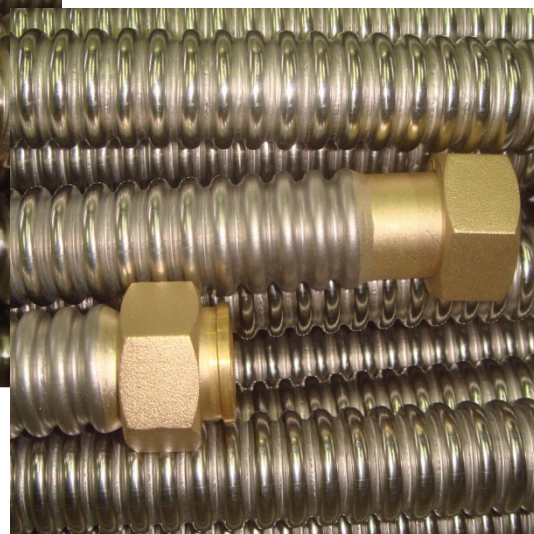

Samples of our product range

We press EPDM Hoses with special fittings designed by our Engineers.

Welded and soldered fittings same as T-connectors or male adapter are standard solutions for us.

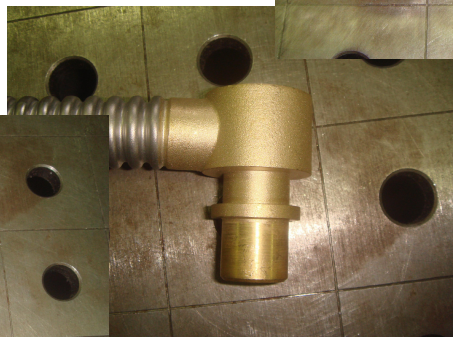

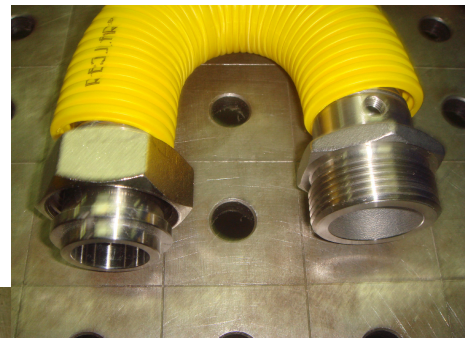

AZ Industries

Samples of our product range
